

Greaves Cotton Ltd. at Ambur Open 5, Tamil Nadu

7th - 8th June'14

Greaves Cotton is proud to mark its presence at Ambur Open 5 organized in the state of Tamil Nadu. We displayed our 75 kVA Genset, along with product catalogue and complete information of the company.

The exhibition was participated by the owners / representatives of various chemical industries, leather industries and the SME owners which helped the company to enter the tannery industry of Tamil Nadu.

The exhibition was a great success and very well attended which resulted into brand building as well good lead to start sales. We were able to connect with large number of prospective and existing customers / dealers.

Below are the Few Photos of Ambur Open 5
